State Superintendent

HEA0074 revises the overall process for the approval and renewal of charter schools and provides that, in addition to a local school district board, the State Loan and Investment Board can authorize charter schools. Under the act, the number of charter schools that can be approved by the State Loan and Investment Board is limited to three (3) until the Legislature takes further action. The State Superintendent of Public Instruction must review the impacts and benefits of charter schools and provide a report to the Joint Education Interim Committee recommending that additional charter schools should be authorized and the legislature must repeal the three (3) charter school limitation.
